

Portland Loo Specifications

DESIGN

- Attractive design fits well in any environment.
- Louvered panels allow for surveillance by the community.
- Heavy-duty components and hardware insure long life and durability.
- Exterior handwashing station deters illicit activity.
- ADA compliant.
- 100% Solar-powered capability.

CONSTRUCTION

- All wall panels, doors, and roof are made from a heavy gauge 304 stainless steel.
- Structural grade, stainless steel, vandal resistant bolts and screws.
- Commercial grade toilet fixtures.
- All surfaces finished with a graffiti-proof coating.
- Heavy duty Best Access Systems door hardware.
- Solar electrical system uses the highest quality and latest technology components.
- Electric light sensor, interior motion detector, and long lasting LED lighting makes for a durable, fully automatic lighting system.
- 3 roll, lockable heavy steel tissue dispenser.

MAINTENANCE

- Basic daily janitorial cleaning is all that is required.
- Electric solar system requires two annual adjustments of the charging system and wiping off the surfaces of the solar panels for a total annual labor commitment of twenty minutes.
- One annual application of lubricant to the door hinges and door hardware.

INSTALLATION

- Portland Loo comes fully assembled and tested from the factory.
- Factory-provided template makes installation of the base plate column mounts fast and accurate.
- Leveling is simple and precise.
- One water supply and one sewer connection are all that are required to make the Portland Loo operational.

Innovative Restroom Design

FABRICATION

The Portland Loo is fabricated in Portland, Oregon by Madden Fabrication.

MAINTENANCE

All of the cleaning and maintenance implements as well as electrical and solar batteries are housed in the cabinet at the rear of the unit. The Portland Loo is designed with a hose bib and exterior drains to allow for efficient and easy cleaning.

WARRANTY

The Portland Loo has a warranty period of one year given normal use and care. This warranty period does not supersede the manufacturer warranties for any of the individual components where the component manufacturer's warranty is longer.

CUSTOMIZATION

The hinging of the door, the location (left or right side) of the wash stand, the addition of advertising/art frames (to the exterior walls), and the number of solar panels (due to weather), may be specified.

PRICE

Pricing available upon request. For orders of 3 or more, a discount may be available. Shipping, installation, permitting and associated fees are not included.
