

# Vandal Guard Toilet Paper Dispenser

## Product Specification Sheet

### Product Overview

The Vandal Guard Toilet Paper Dispenser is a heavy-duty stainless steel toilet paper housing designed for high-abuse public restroom environments. Its vandal-resistant construction protects toilet paper rolls from tampering, theft, and damage while maintaining a clean, architectural appearance suitable for public installations.

### Material

- Standard: Type 304 stainless steel
- Optional: Type 316 stainless steel available upon request for enhanced corrosion resistance

### Construction

- Precision-formed stainless steel construction
- Fully welded body for maximum durability
- Protective top cover to shield rolls from misuse and moisture
- Designed to resist denting, prying, and vandalism

### Finish

- Brushed stainless steel finish
- Low-glare exterior-grade surface suitable for public restrooms

### Mounting & Hardware

- Wall-mounted configuration
- Compatible with tamper-resistant fasteners
- Designed for straightforward retrofit or new installation

### Configurations

- Available in 2-roll, 3-roll, and 4-roll versions to accommodate varying usage demands

### Application

- Vandal-resistant toilet paper dispenser for public restrooms
- Ideal for parks, transit facilities, streetscapes, and other high-use public environments
