

# Vandal Guard Trash Can

## Product Specification Sheet

### Product Overview

The Vandal Guard Trash Can is a heavy-duty, wall-mounted stainless steel waste receptacle designed for high-abuse public environments. Constructed from thick-gauge stainless steel, it provides a durable, vandal-resistant replacement for the Bobrick B279 trash can while maintaining a clean, architectural appearance.

### Material

- Standard: 3/16" thick Type 304 stainless steel
- Optional: Type 316 stainless steel available upon request

### Construction

- Precision-formed stainless steel body
- Fully welded construction for maximum durability
- Reinforced open-top design
- Designed to resist denting, prying, and vandalism

### Finish

- Brushed stainless steel
- Low-glare exterior-grade finish

### Mounting & Hardware

- Wall-mounted configuration
- Integrated keyhole mounting slots
- Compatible with tamper-resistant fasteners
- Retrofit replacement for Bobrick B279

### Application

- Vandal-resistant waste receptacle for public restrooms
- Ideal for parks, transit facilities, and high-traffic public spaces

### Compatibility

- Direct replacement for Bobrick B279 trash can
