ADA TACTILE SIGN · SANITIZER DISPENSER

HAND SANITIZER TACTILE SIGN

A raised-letter, braille sign in ADA blue that marks the hand sanitizer dispenser inside the Portland Loo.

9-3/4" x 1-3/4"	1/16" Rowmark	Raised text	Grade 2
WITH 1/2" RADIUS CORNERS	321-501 ADA BLUE	UV PRINTED, TACTILE	CLEAR RAISED BRAILLE

OVERVIEW

The Hand Sanitizer sign mounts directly above the Vandal Guard foaming sanitizer dispenser inside the Portland Loo. It is made from 1/16" Rowmark ADA blue, with the words "HAND SANITIZER" UV printed as raised, tactile white letters and a line of clear Grade 2 braille below.

Because the letters and braille can be read by touch, users with low or no vision can find the dispenser on their own. The sign matches the color and style of the Loo's other ADA signage, so the whole restroom reads as one consistent set.

KEY FEATURES

01 Readable by touch
Raised letters and clear Grade 2 braille let users find the sanitizer dispenser without sight.

02 High contrast
White characters on Rowmark ADA blue stand out against the Loo's dark interior panels.

03 Sized for the dispenser
A slim 9-3/4" x 1-3/4" format sits just above the Vandal Guard dispenser.

04 Matches the Loo's signage
Same ADA blue and lettering as the Hand Wash sign and the All-User placard.

INSIDE THE LOO

INSTALL TIP Mount the sign centered over the dispenser so a user who finds the braille can reach straight down to the pump. If the braille or raised letters get worn, scratched or tagged, replace the sign so it stays readable by touch, and order the Hand Wash sign at the same time to keep the set matched.
