

V1 CLASSIC · RECESSED WASTE RECEPTACLE

RECESSED TRASH CAN

VANDAL GUARD · IN-PANEL MOUNT

The Vandal Guard trash can built into a recessed wall panel. It fits directly in place of the V1 hanging privacy panel, which frees up clear floor space.

Grey	14 × 18 × 6"	8-pc	USA
ANTI-GRAFFITI POWDER COAT, STANDARD	SAME CAN AS VANDAL GUARD / B-279	3/8" STAINLESS TAMPER-RESISTANT HARDWARE	MADE IN AMERICA

OVERVIEW

This version of the Madden Fabrication Vandal Guard trash can is built into a wall panel instead of mounted on the surface. The panel fits directly in place of the V1 hanging privacy panel, the one next to the sanitizer dispenser and sharps disposal, across from the water closet. The can hangs inside a formed pocket, so less of it sticks out into the restroom and more of the floor stays clear for wheelchairs, strollers and cleaning.

It uses the same heavy, fully welded can as the surface-mount Vandal Guard, with the same 14" × 18" × 6" footprint as the Bobrick B-279. It has already been installed in several new V1 builds and is now offered as a replacement part.

KEY FEATURES

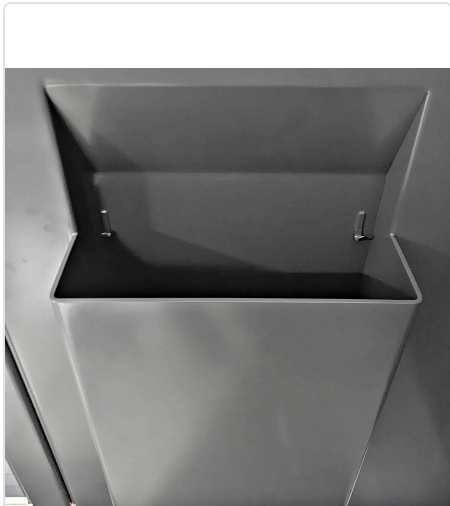

- 01 More clear floor space**
The recessed pocket pulls the can back into the wall panel.
- 02 3/16" plate stainless**
Type 304 standard, 316 on request; fully welded, reinforced open top.
- 03 Secure mounting**
8 pieces of tamper-resistant 3/8" stainless hardware with oil-embedded bushings.
- 04 Anti-graffiti finish**
Grey anti-graffiti powder coat comes standard and matches the Loo interior.

CONSTRUCTION & SPECIFICATIONS

Manufacturer	Madden Fabrication, made in the USA
Fits	Portland Loo V1 Classic. Replaces the hanging privacy panel next to the sanitizer dispenser and sharps disposal, across from the water closet
Can material	3/16" thick type 304 stainless steel; type 316 on request
Construction	Precision-formed, fully welded can with a reinforced open top; burrs removed and sharp edges broken
Can size	14" W × 18" H × 6" D (same as the Vandal Guard trash can and Bobrick B-279)
Mounting	Bolts in where the privacy panel was; the can hangs on hooks inside a formed recessed pocket
Finish	Anti-graffiti grey powder coat (standard)
Hardware	8-pc tamper-resistant 3/8" stainless hardware with oil-embedded bushings
Benefit	Projects less into the room than a surface-mount can, for more clear floor space

ORDERING OPTIONS

OPTION	STANDARD	AVAILABLE ON REQUEST
Material	Type 304 stainless Std	Type 316 stainless
Finish	Anti-graffiti grey powder coat Std	—

Close-up. Can hanging in the recessed pocket.

Installed. Set into the wall panel.

Side angle. Shallow projection from the wall.

INSTALL TIP — Remove the hanging privacy panel and bolt the recessed panel into the same location with the included hardware and bushings. The can uses the same 14" × 18" × 6" size as the surface-mount Vandal Guard.
