OVERVIEW

These sealed refill bags fit the same Vandal Guard dispenser from Madden Fabrication used for the soap refills. The stainless steel cabinet has a keyed lock, so the contents can't be tampered with, stolen or wasted.

Each bag holds 1,000 mL of ready-to-use foam. With 0.4 mL per press, one bag gives about 2,500 uses. Choose an alcohol-free instant sanitizer, an E2 foodservice sanitizing hand soap, or a 70% alcohol waterless sanitizer with aloe vera and vitamins. Bags are sold six to a case.

KEY FEATURES

- 01 Ready to use**
No mixing or diluting. Unlock the dispenser, swap the bag and close it.
- 02 Sealed bag**
The bag stays closed until it's in the dispenser, which keeps the contents clean.
- 03 Low cost per use**
0.4 mL per press, about 2,500 uses per bag.
- 04 Made in the USA**
Both the refill bags and the Vandal Guard dispenser.
