REPLACEMENT PART TRASH CAN LINER

BOBRICK 279-14 VINYL LINER

A reusable heavy-gauge vinyl liner for the Bobrick B-279, the Madden Vandal Guard and the recessed wall panel trash cans. Made in the USA by Bobrick.

13-5/8"	16"	4-7/8"	USA
Width	Height	Depth	Made in the USA by Bobrick

OVERVIEW

The 279-14 is Bobrick's permanent liner for the B-279 waste receptacle. It's sized to fit inside the 14" x 18" x 6" can body that all three Portland Loo trash cans share: the Bobrick B-279, the Madden Vandal Guard Trash Can and the recessed wall panel trash can.

The liner hangs from four interior hooks by its grommets and lifts straight out for servicing. Swap it out when it's torn, stained or worn, and keep a spare on hand so the can is never out of service.

KEY FEATURES

01 **Fits all three Loo cans**
Made for the Bobrick B-279 and also fits the Madden Vandal Guard and recessed wall panel trash cans.

02 **Permanent, reusable liner**
Heavy-gauge vinyl that's wiped clean and reused, not thrown away like a bag.

03 **Hangs on the hooks**
Four grommets drop onto the can's four interior hooks. No tools needed.

04 **Made in the USA**
Manufactured by Bobrick, the maker of the B-279 receptacle.

ORDERING OPTIONS

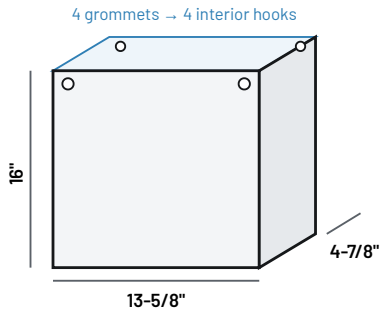

OPTION	STANDARD	AVAILABLE ON REQUEST
Liner	279-14, one per pack STD	—
Fits	B-279, Vandal Guard and recessed panel cans STD	—

VIEWS

As shipped. One liner per pack, labeled 279-14.

Unfolded. Heavy-gauge vinyl with grommets along the top edge.

Size. 13-5/8" x 16" x 4-7/8", hung from four grommets.

SERVICE TIP

Lift the liner off the four hooks to empty it, wipe it clean, and hang it back on. Keep a spare 279-14 on hand to swap in when a liner tears, so the can stays in service.
